

Repair The World® or “RTW” is an initiative of Congregation Beth Adam to create a healthy and just world through corporate responsibility. Companies that carry the RTW logo operate in a manner that protects our planet, treat their workers justly, and support nonprofits that improve the quality of life around the world.

Tulong LLC is our first company to be licensed. **Tulong LLC** was created by two members who fully embrace the concept of social entrepreneurship and corporate responsibility.

About Tulong LLC

The concept of our business is simple. When you buy Repair The World® clothing, you help the world. We get to make a difference together, and you get cool clothing. We manufacture people-friendly and earth-friendly apparel that gives back to the world.

Give back to the world – you can positively affect social outcomes when you make a thoughtful purchase.

Act responsibly – the actions of one affect all. Our individual actions can build our journey’s momentum and have a cumulative effect.

Buy responsibly – be a conscious consumer -- be diligent in understanding the material used, business and labor practices employed, and the conditions in which the products you purchase are made.
